

March 1, 1978

LB 411

SPEAKER LUEDTKE: I don't know anything about that because all we have before the House is a motion to amend on Select File so it would require another motion to return anyway.

SENATOR MILLS: All right. Thank you.

SPEAKER LUEDTKE: We only have one motion before us. While we're waiting for others to come the Chair would take the opportunity to introduce on behalf of Senator Kremer some fifteen senior students from the Modern Problems Class from Giltner Public School, Giltner, Nebraska. Dan McClunn, instructor and the principal I believe is also there in the south balcony. Would they stand and be recognized? Stand up folks. Welcome to your Legislature. You are seeing Senator Kremer in action right now. Senator Kremer, we have thirty two. Do you want to call in votes or how do you want to proceed? Do you want a roll call? Roll call? Are you ready for roll call then? How many are still out? Well then I would suggest we get some more in then. There is only four excused, Senator Kremer. There are only four excused so I think we ought to get some more here. Then we'll have as Senator Duis suggests, a reading of the amendment. Also note for the record that, we have, Senator Warner, twenty three pre-school students from Waverly, two teachers and four parents were present and have already gone but we will enter it in the record. Senator Chambers, are you here? Now that I'm here maybe you're here. Senator Kahle, wake up. Good morning. Thank you. Anybody else? All right the Clerk will read the amendment before the--the motion before the house.

CLERK: Mr. President, the motion is offered by Senator Kremer. He moves that we strike the Lamb amendment to LB 411 found on page 860 of the Legislative Journal. (Read roll call vote found on pages 998 and 999 of the Journal.) 16 ayes, 27 nays on the motion to adopt, Mr. President.

SPEAKER LUEDTKE: Motion fails. Is there another amendment on the desk? All right, Senator Newell moves to raise the Call. All those in favor vote aye. Opposed nay. Record the vote.

CLERK: 21 ayes, 1 nay to raise the Call, Mr. President.

SPEAKER LUEDTKE: The Call is raised.

CLERK: Mr. President, Senator Mills now has the following amendment: (Read Mills amendment found on page 999 of the Journal.) That is offered by Senator Mills.

SPEAKER LUEDTKE: The Chair recognizes Senator Mills.

SENATOR MILLS: Mr. President, members of the Legislature, all I'm asking you to do and I have spoken with Senator Kremer about this. I have spoken to Senator Maresh about it. I have spoken to Senator Bereuter about it and a number of people who have been very directly involved with 411. Only extending that date two years and when I first spoke against the Kremer amendment I told Senator Kremer and the body that I have spoken with a number of people who are directly involved with the ground water conservancy districts. They think it is more than fair what we are doing to extend Senator Lamb's sunshine date of 1980 to 1982. That's all it does. It extends it two more years. The bill is just exactly like it was. It's not changing anything else except it will be 1982. I would ask for the adoption of this amendment.
